

CHOOSING YOUR WORD

START THE YEAR OFF RIGHT

Thank you so much for downloading this printable. I hope you find it to be helpful for you on your journey to becoming your best YOU.

I loved choosing the word BE to be my word last year, and then a focus concept each month. I found it empowering and bite-sized enough to actually be attainable.

1

Print out page 2 and 3 on hard cardstock paper with a color printer for full effect, or print black and white and break out your markers!

2

At the beginning of each month, just choose your month's focus concept from my collection of words on page 3-- cut out and glue in-- or write in your own words, if you have something else you want to work on.

Please feel free to check out my creative journeys on amberfife.com; it's a work in progress, and I am quite excited about the exploration that awaits.

Here's to your new start!
